Red Level Networks Continues Rapid Growth
Southeast Michigan-based IT Solutions Group Signs Three New Customers

Livonia, Mich. – March 14, 2005 – Red Level Networks announced it won contracts to provide IT infrastructure design, system deployment and ongoing technology support services to PrimeCare of Novi, Turchan Technologies and Majestic Underwriters LLC. Billings were not disclosed.

“We have had remarkable growth,” said David King, president and CEO of Red Level Networks. “This expansion reflects our ability to service our clients in a timely and professional manner, providing superior knowledge of IT solutions that keeps our clients conducting business efficiently and productively. We’re pleased to diversify our customer roster with these impressive organizations and look forward to working with PrimeCare of Novi, Turchan Technologies and Majestic Underwriters LLC.”

PrimeCare of Novi, a southwestern Oakland county medical practice established in October of 2000, specializes in family medicine and geriatrics. Comprehensive on-site services include x-ray, full-service lab, vision and hearing screenings, a mini-pharmacy and other offerings. The facility has 15 employees.

“Information Technology plays a critical role in the services we provide to our patients,” said Dr. Theodore Shively, medical director of PrimeCare of Novi. “Having efficient IT services allows us to spend additional time with our patients and less time on necessary but nonproductive tasks, such as filing paperwork. We’re excited at the results we’ve already seen utilizing their capabilities to leverage our patient care and look forward to the continued success.”

Dearborn-based Turchan Technologies, Inc. designs and builds special systems for machining, fabrication, assembly and test of all types of components. The company is a Tier One supplier of fabricated and machined automotive parts and has 31 employees. Turchan Technologies was founded in 1933 as Turchan Follower Machine Company and is led by third generation family members.

Majestic Underwriters LLC is headquartered in Troy, Mich. and has satellite offices in Illinois, Colorado, Indiana, Missouri, New York, and Ohio. It is a full-service Managing General Underwriter that specializes in providing Medical Stop Loss coverage to self-funded employer groups. The organization began operations in September of 1997 and has 32 employees.
